Dearest Lover,

Your letter of Aug 1² came
last night with three from
Harry. They came before I was
expecting them and so was
a pleasant surprise. It is
so hard to write isn't it dear?
You can't tell me what you
want most to say and other
things don't seem worth
while to write. But dearest
every word you write means
the world to me. If only
there is another letter soon.
It seemed as if there were
so much from Harry. Usually
there are three from you
and one from Harry.
One can almost see the

end in sight, but yet there
is a long ways to go.

Jessie had a letter from
Harvey Barton telling her
about the little "pets" they kept
with them always. French
rice. That is so terrible
dear, but remember I love
you with all my heart and
wish you didn't have to
endure those things. I am
afraid you feel so bitter and
blue sometimes that my
love doesn't even warm
your heart. Dearest, don't let
those horrid bitter thro's change
my man. You are just right
the way you are and I don't
want you so changed dear,
it is so hard for you and

2
My life is yours dear to try
to bring a little happiness
to you if possible. If I can't
bring it to you dear, it
won't be because I won't or
haven't tried. I try to think
everything is for the best
but I can't always see it.
Dearest I love you so and it
is so hard not to see you
and get letters from you
all the time. I didn't realize
how much I was depending
on you until you went
away. I depended on you
for every little thing. I
didn't want to do a thing
until I knew what you
thought about it and you
were always so good to

answer all of my questions.
If only we could get letters as we
use to, you do the best you can
dear lover and I don't know
what ever I would do if you
were different. Dearest be
cheerful and happy for my
sake. I want my man to be
happy. I love you so and
you are all the world to
me, Each day I think of you
and pray for you. If only
this were over and you
were home again. Dearest
dearest what can I say to
comfort you when you are
so in need of help of some
kind?

May God bless you my own
dear man.
Helen.
